

FATHERS READING
EVERY DAY

How did you get on with FRED?

We would love to hear your positive feedback stories...

The Books which were provided were great and me and Jayani worked through them at a fast pace. Jayani loved the pictures the wording and ability to ~~draw~~ draw what she saw. As the Fred Reading Program comes to an end we are very sad and would love to see it again. Fred has been very beneficial for us in all aspects of English. Jayani has loved every minute of it.

Jayani really enjoying reading with her Dad. She said, "Mummy, Dad is reading differently than you". I asked her how it's different? She could explain me clearly two different style of reading, which made me surprised. Thanks for this reading Program which made her reading skill better.

I need a Wee because they

I always say 'I need a Wee and

I readed 3 books. A pirate
book was my favourite. There was a
boat like a shark - a boat shark!
It wasn't scary. There was a big, giant
octopus!
