

Challenge session. Please let us know what you thought.

There were lots of different fun activities
to take part in. We really enjoyed learning
new things together.

Many thanks to Mrs Billie & Mrs Archdeacon on a very

informative and well-delivered meeting. I value all the information

given particularly the trouble taken to even ~~give~~ give us handouts so

we can refer back to info. eg helping our children to recognise

'sight words'. Please prepare one session to inform us how to help
our children with Early Years Mathematics skills. Thank you.

We hope you enjoyed your time at our Phonics information meeting. Please let us know what you enjoyed or learned. What other things do you think we could include? Are there any other areas of curriculum which you would like to learn about?

Firstly thank you for conducting the Phonics Information

Meeting. As our daughter is our only child and we have been educated in India this system of education is new to us.

It was helpful to know the way you teach the language.

I would like to know when would they start writing & also how do you teach maths.

We hope you enjoyed your time at our Maths Challenge session. Please let us know what you thought.

Yes we had a great time. All the activities were really good. Anmarah enjoyed the outside activities especially the bean bag counting and throwing one.
